Waterdown District High School's boys rugby team claimed the squad's first-ever tournament victory, taking the title at the University of Waterloo tournament.

The team opened the April 14 tournament with a 10-0 win, took Game Two 25-0 and won their third game 5-0.

The final against Collingwood the game was decided by a kick-off, with Waterdown's Brendan Ryan kicking the winner.

"They did fantastic," said WHDS teacher Nathan Tidridge of the team. "Had never won a tournament before, it was brilliant."

Tidridge said the key to the win was the team's unity, adding the coaching staff is phenomenal.

"The guys have really come together," he explained. "It's basically the same team we had last year with a few additions and that's really helped out too."

The team opens their regular season April 30 at home against NcNab. Game time is 3 p.m.
